**The Daily Republican.**

SUNDAY EVENING, AUGUST 6, 1878.

**CITY DEPARTMENT.**

A New Invade of the white Vests, from \$1.00 up, just received at B. Stine's.  
July 5-6th

Books reduced to 15 cents, at Young & Norman's. (Aug. 5-6th)

Wanted, at this office, a good steady boy, from 15 to 18 years of age, to do all kinds of work.

Don't forget the charity sociable at Good Templar Hall on Friday evening.

REGULAR meeting of the city council for September on Monday evening next.

The last day of this week is the last day of the month and the last day of summer.

We are having a perfect deluge of motions, which may possibly induce a shower of cholera morbus.

Ramsey's L. D. & S. Excursion to-morrow. The trip is pleasant and cheap.

**GREAT REDUCTION** in prices in bleached and brown Muslins, at B. Einstein's.  
28-dw

Six degrees lower temperature would have given us a slight touch of frost last night. A mile is as good as a mile.

Corn is maturing rapidly, many fields being already nearly hard enough to shock. The kernel is very solid and the ears are covered to the tips.

Tax locomotive that lost a wheel on Saturday, between Main and Water streets, was speedily put in order, and is again on duty.

H. F. Taylor's hack responds to all orders for passengers to and from the depot, or from one place in the city to another. Stable at Armstrong's.

ASARL & LOCKE are fully prepared for the fall campaign in the carpet trade, and they are daily receiving new styles of goods as they come from the factory.—Call and see them.

A WALK along Durfee street since its improvement shows it to be a very pleasant thoroughfare. The houses are all nearly new and present an attractive appearance.

COMFORT, convenience and economy secured by buying a pair of Newport Ties, or low button shoes, at Barter & Baker's. [Aug. 18-19-dw]

Don't forget to go to R. C. Crocker's when you want first-class hardware, or wish to make a selection of a good heating or heating stove. Mr. C. has the best stoves made, of all varieties, and sells them at manufacturer's prices. Mechanics will also find a full line of tools for all trades from the best factories in the country.

A PINE of \$10 and costs, is what the father of a wayward boy paid in Indianapolis the other day, on account of the lad violating the city ordinance by jumping upon a moving train of cars. Boys of Decatur, take care. A large number of names are in possession of the deputy marshal, who will keep an eye on boys that loaf around the cars.

We learn from the Danville News of yesterday that the fine residence of Hon. J. G. Cannon, in that city, had a close call from lightning on Saturday night last, the subtle fluid striking a tree in his yard and shattering a step-ladder which stood against the tree to atoms. It will be remembered that the lightning was very vivid here. The wind also blew furiously there, tearing down several shade and fruit trees.

The Lovington town board has under consideration an ordinance prohibiting small boys from running in the streets after eight o'clock in the evening. The regulation is a good one, if enforced, and may save many a boy from falling into bad ways. The fact is night is the time when boys form bad habits and if parents fail to do their duty by keeping them at home after night, it is well for the city authorities to take the matter in hand—An ordinance of this kind in Decatur, rigidly enforced, would be a good thing.

The Central Illinois Conference of the U. B. Church, commences in this city on Wednesday, Sept. 26th, Bishop Weaver, of Dayton, Ohio, presiding. We understand that the conference comprises about seventy-five preachers, most if not all of whom will be in attendance. The meeting will continue over the Sabbath. At the conference sundry business matters are attended to, and the appointments for the ensuing year are made. The meeting will be one of interest to the denominations.

Cactus Apples.—John N. Fuller, Esq., has placed on our table samples of apples raised on his farm east of town, and if anybody supposes they are not choice fruit let them come in and look at them. Some of them measure over twelve inches in circumference.

Good Times.—The regular weekly meeting of the lodge of Good Templars took place last evening, and was well attended. In addition to the routine business of the session, it was voted to hold a social at the lodge room on Friday evening of this week, for the benefit of those suffering from the ravages of the yellow fever at the South. There will be readings, recitations, charades and other literary exercises, which cannot fail to interest and please all who may attend. There should be a big turnout and a good social contribution on the occasion.

Chesnut Souvenir.—The ladies of Stepp's Chapel will give a soiree in the lecture room of their church on Thursday evening of this week. An admission fee of ten cents will be charged at the door, which will procure a ticket for one dish of ice cream. Other refreshments will be abundant, and a pleasant time socially may be anticipated. All are cordially invited.

**A BIG TRING.**

Through the perseverance of Mr. John H. Brayton, secretary of the State Christian Temperance Union, the holding of the annual meeting of the National Union has been secured at Decatur, and it will take place during the week following the soldiers' reunion. Mr. Francis Murphy is president of the National Union, and he, with many other noted temperance orators and workers, will be present.

This organization is in no sense a political one, but embraces all the friends of the temperance cause as such. Delegates will be in attendance from all the states in the Union, and if there is a full representation the number present will reach one thousand. The convention will be in session about four days, during which time some public meetings will probably be held.

Full particulars will be given in due time as to the place of holding the meetings of the Union and any general meetings that may be held. It will probably be one of the largest delegate conventions ever held in this city.

A NARROW ESCAPE.—We are glad to learn to-day that the little son of Mr. A. W. Hardy, who was knocked down and run over yesterday afternoon by a horse and buggy, at the corner of East Main and Water streets, escaped without scarcely a scratch. The little fellow was first hit by the horse's knee and knocked down, and then two wheels of the buggy which contained two ladies passed over one arm. That he should have escaped with broken bones seems almost miraculous. We congratulate him and his parents upon the lucky escape, and trust it will keep him on his guard when on the streets. The occurrence also suggests the importance of care on the part of persons driving teams along the thoroughfares of the city, especially through the business part of it, where persons are constantly crossing the streets.

GET YOUR TICKETS.—The Firemen's committee of arrangements for the Chicago excursion desire that those who propose to make the trip should secure their tickets as soon as possible, so that they may know how many cars will be needed.

The committee are desirous of providing for the greatest comfort of all who may go with them, and will spare no pains to contribute to the pleasure of the party, and citizens should assist them by giving timely indications of about the number that will go. The time is at hand; let all make up their minds at once, and those who decide to go get their tickets at latest by Friday morning—then there will be no rush, and no inconvenience for want of room.

**PERSONAL.**

Rev. S. MacBurney made the Republican office a pleasant call this morning.—His appearance indicates good fare and refreshing sleep while away, and he comes back looking as robust as a frontiersman.

Mrs. M. E. Schroeder and children went out to Whitmore township this afternoon, where they will spend a few days visiting friends and breathing fresh country air.

Mr. John H. Carey, formerly of Marion, but who now divides his time between that place and Wichita, Kansas, is reported as being at Marion. We shall look for John's smiling face this way soon, as he surely could not come all the way from Kansas and return without giving Decatur a call. He is doing some big farming in the grasshopper state, and will have wheat enough this year to bread a large city.

Mr. D. S. Allen, a prosperous and thrifty farmer of Harristown, was in the city today in company with his son, Mr. I. C. Allen, who is doing a very successful farming business in Illinois. Both gentlemen usually furnish stock and other articles for exhibition at the county fair, and never fail to carry away more or less of premiums.

Rev. W. T. Moffett, of Blue Mound, Republican candidate for the State Senate, is in town to-day. Of course he paid his respects to the Republican office.

Mr. James Tolley, of Shelby county, called at the REPUBLICAN office this morning, in company with Mr. James Freeman, of this city. Mr. Tolley will move to Decatur if he can find a place to suit him as a residence. He used to come to Decatur as early as 1851, before there was any town here.

Geo. K. Ingoldsby, Esq., of Kenney, Republican candidate for representative, is in town to-day, and is making acquaintances among our people. He has made quite a favorable impression among all whom he has met.

Senator Ogleby left yesterday for Peoria, where he speaks to-day.

Hard Times Played Out.—Call in and see E. B. PRATT, and you will be sure to buy and get your money's worth. Coffee, six pounds for one dollar; 30 bars of soap for one dollar. 37 North Church street.

Aug. 27-dw&dw

RECEIVED.—John N. Fuller, Esq., has placed on our table samples of apples raised on his farm east of town, and if anybody supposes they are not choice fruit let them come in and look at them. Some of them measure over twelve inches in circumference.

Good Times.—The regular weekly meeting of the lodge of Good Templars took place last evening, and was well attended. In addition to the routine business of the session, it was voted to hold a social at the lodge room on Friday evening of this week, for the benefit of those suffering from the ravages of the yellow fever at the South. There will be readings, recitations, charades and other literary exercises, which cannot fail to interest and please all who may attend. There should be a big turnout and a good social contribution on the occasion.

Chesnut Souvenir.—The ladies of Stepp's Chapel will give a soiree in the lecture room of their church on Thursday evening of this week. An admission fee of ten cents will be charged at the door, which will procure a ticket for one dish of ice cream. Other refreshments will be abundant, and a pleasant time socially may be anticipated. All are cordially invited.

**MACON COUNTY CIRCUIT COURT.**

August Term, 1878.

TUESDAY, AUG. 27.

Court convened at 8 o'clock, and resumed the consideration of the Henkle case.

Dr. S. McBride, who was under examination when court adjourned last evening, was called to the stand, and his direct examination was concluded.

The defense engaged in the cross-examination of this witness when court adjourned to 1 P. M.

At the above-named hour court reopened.

William Anderson was arraigned on a charge of burglary and larceny, and Thos. Lee, Esq., was appointed to consult with him. Defendant plead not guilty.

Julius Blackburn was arraigned on a charge of robbery, Thomas Lee, Esq., defending. Defendant plead not guilty.

John Blackwell was arraigned on a charge of robbery, W. C. Johns, Esq., appearing for him. Plea of not guilty entered.

Edward Conley was arraigned on a charge of larceny, and J. C. Hosteller was appointed to defend him. Defendant plead guilty to first count; nolle entered as second count.

George Miller was arraigned on a charge of burglary and larceny; F. B. Tait appointed counsel. Plead guilty to grand larceny; nolle entered as to burglary.

Peter White arraigned on a charge of assault with intent to kill; Hutchinson appointed counsel. Plea of not guilty entered.

Wm. Bush arraigned for forgery. Plea waived for the present.

John Humpback arraigned on a charge of larceny, and F. B. Tait appointed to defend him. Plead not guilty.

Mollie Boring arraigned on a charge of robbery, W. C. Johns defending. Plea of not guilty entered.

The Henkle case was then resumed, and the testimony of Dr. S. McBride was continued.

A USEFUL INVENTION.—Messrs. H. Mueller & Co. have just completed a large Automatic Water Pressure Regulator, of their patent, to be used at the Hyde Park Water Works. The works spoken of are the Holly system, and in all respects similar to ours, but an extension of the mains, some four miles in length, has been made in order to supply another of Chicago's suburbs with water, and this extension consists of wooden pipes. It is feared that these wooden pipes are not strong enough to resist the pressure supplied by the Hyde Park works, and the automatic regulator is to be placed between them and the iron mains, and to be so adjusted that the pressure upon the wooden mains will not be more than 40 pounds, no matter how great the pressure may be on the iron pipes. This invention of Mr. Mueller's promises to be of very great utility, and supplies a want long felt. It has been thoroughly tested, and is a success in every respect.

PREMORTORY SYMPTOMS.

Giddiness, wandering pains in the back and limbs; "cold in the head"; slight chills; nausea; headache, and frequent sensation of faintness. Later appears a febrile paroxysm, followed by a perfect lull of the symptoms; subsequent appearance of jaundice, hemorrhages, gastric irritability, etc.

SECOND STAGE.

After early symptoms have continued a few hours, a decided reaction occurs; the circulation becomes excited, the face flushed, the eyes red, brilliant and injected; pulse from 100 to 130; there are violent pains of the whole system and vomiting of acid bilious matter; the surface becomes dry and burning hot; mouth and throat dry, with intense thirst and sometimes delirium; urine scanty and high colored; tongue covered with a pale white coat, with red edges, in some cases mucous or bilious vomitings.

Space will not allow further remarks, but may in future give a more extended history of yellow fever, which would be at length, provided we should enter into a thorough description of the disease.
